Letter no AB C433/27-28 dated 22.11.27 from the D.C. Chitaldrup, forwarding a copy of letter received from the President Barangore ml Council and requesting that powers under section 151 A & 151 B of the M.M. Regn may be granted to the Barangore ml cl to control the flour mills in the town.

In another reference on the same subject the D.C. states that he has suspended the execution of the ~~ml cl~~ resolution of the ml Council Barangore to grant a license for installing a flour mill in the heart of the town. This has been submitted.

From the repeated report on the subject it is seen that ^{the present} ~~the~~ situation of the flour mills in the town causes much nuisance.

The powers contemplated under 151 A & 151(B) may be granted.

The General Secretary to Government,
Bangalore

Sir,

27/11
In forwarding herewith a copy of letter No 71 dated 17th
November 1927 from the President, Town Municipal Council, Davangere
in the matter of controlling the existing flour mills and those to
be installed in the town, I have the honor to state that during my
inspection of the town, I have also observed that some flour mills
have been located in the midst of dwelling houses and are causing
good deal of nuisance to the neighbouring inhabitants. Mr Marker,
Sanitary and Town Planning Division has also taken objection to the
location of these flour mills in the heart of the town. As under
the circumstances reported by the President it is very necessary to
have a full control over these mills, I recommend that the amended
sections 151 A and 151 B of the Municipal Regulation IV of 1926 may
kindly be made applicable to the Davangere town Municipality and
necessary notification be caused to be published in the Gazette.

I have the honor to be,

S I R,

Your most obedient servant,

D. Srinivasan
Deputy Commissioner,
Chitaldrug District

Letter No 71 dated 17-11-1927 from the President
Town Municipal Council, Davangere to the Deputy Commis-
sioner, Chitaldrug

I have the honor to state that in this town there are
at present some flour mills worked by steam and oil
engines in the heart of the town and whistles are also
being used for summoning customers and workmen they are
causing great nuisance and annoyance to the neighbourhood
owing to their situation in the midst of the thickly
populated localities New applications for permission to
establish flour mills in the thickly populated localities
are also being received It is found very necessary that
the existing mills and also the new ones have to be con-
trolled by the Municipality by insisting upon them to
obtain licenses with suitable conditions To do this
notification by Government in the Gazette applying the
sections 151 A and 151 B of the Municipal Regulation to
this Municipality is necessary I therefore request you
to be so good as to move Government to kindly make the
above sections 151 A and 151 B of the Municipal Regulation
applicable to this municipality and to cause a notification
to this effect published in the Mysore Gazette
